Horizon Utah FCU to Upgrade to CU*Answers Platform

Grand Rapids, Michigan – May 27th, 2009

Horizon Utah Federal Credit Union has announced its intention to upgrade to the CU*Answers core processing platform, CU*BASE, in November, 2009.

Horizon Utah Federal Credit Union is a full-service credit union with 5 branches located in the Davis County area. This well established credit union has almost 14,000 members and total assets approaching \$100 million.

"The CU*Answers business model – that of a Cooperative CUSO – is unique in the industry, and offers a range of products and services that will benefit the members of Horizon Credit Union and also provides the necessary technology to keep us competitive and secure in a challenging market," said Horizon CEO Randy Gailey. "We are looking forward to the added value that collaboration with other CU*Answers owners and clients will bring."

CU*Answers offers its core processing system in both an ASP (service bureau) and In-house processing environment. Each model offers the same level of CU*BASE functionality and is appropriate for credit unions of any size. Horizon Utah will be taking advantage of the CU*BASE In-house processing solution. The underlying foundation to provide this environment is IBM's POWER6™ server platform running IBM i and its fully integrated DB2 relational database. With over 700,000 systems installed worldwide, the IBM i delivers industry-leading performance with unrivaled customer satisfaction and loyalty. According to CU*Answers, this allows credit union clients to spend time managing their credit union, not managing their servers and databases.

About CU*Answers

CU*Answers was founded over 35 years ago and is a 100% Credit Union owned cooperative CUSO located in Grand Rapids, Michigan. CU*Answers offers a wide variety of services for credit unions including its flagship CU*BASE Processing System in both an Online (ASP) and In-house environment, Internet Development Services featuring the **It's Me 247** Online Banking product, Member Check Processing and Direct Deposit processing services. CU*Answers provides combined services to 165 credit unions nationally representing nearly 1.5 million members and \$10 billion in credit union assets.
