WESCO Net Achieves SonicWALL GOLD Partner Status

Grand Rapids, Michigan – August 24th, 2009

WESCO Net, a Grand Rapids, MI-based leader in managed network security services recently announced it is now a GOLD level certified SonicWALL partner.

“Being a Gold level certified partner allows us to be more competitive than ever before, which will ultimately result in lower prices for our clients,” says Dave Wordhouse, VP Network Technology for WESCO Net. “We have to maintain certified staff across the SonicWALL line so it’s also a guarantee to our customers that they’re getting a well-engineered solution installed by true network security experts.”

SonicWALL offers a variety of network security products including firewalls, intrusion detection and prevention, email security, secure remote office access, and secure wireless solutions that have long led the industry in price/performance.

About WESCO Net

Organized in 2002, WESCO Net is a full-service network technology solutions provider. They specialize in LAN/WAN design, implementation and management; network security; firewall management; IP telephony VOIP (voice-over-Internet protocol) solutions; records management; managed hosting solutions (facilities management), compliance and security audits (HIPAA/GLBA/SOX); high availability solutions; web site engineering, and hardware sales and support services. WESCO Net provides services to the education, retail, legal, medical, real estate, hospitality, and financial services industries as well as court systems and regional municipalities. Its financial services portfolio includes servicing over 100 credit unions across the country. Visit www.wesconet.com for more information.
