WESCO Net Web Services Expands NACUSO Site

Grand Rapids, Michigan – *September 14th, 2009*

WESCO Net Web Services, a leader in web design and hosting, has announced it recently expanded the NACUSO.org website with a whole new section to support the upcoming NACUSO at Pepperdine University Sessions. This new Education and Certification Program, focuses on Collaboration & Business Networks is being offered in partnership with Pepperdine University, the first session slated to begin October 26th through 28th.

The Web Services team was able to quickly launch this new section of the site through its WordPress with SiteControl platform. This platform made adding content easy and also enabled other participation features such as comments on various pages of the section.   Additionally, an online credit card processing gateway was added to handle immediate registration for this limited participation event.

About WESCO Net

Organized in 2002, WESCO Net is a full-service network technology solutions provider. They specialize in LAN/WAN design, implementation and management; network security; firewall management; IP telephony VOIP (voice-over-Internet protocol) solutions; records management; managed hosting solutions (facilities management), compliance and security audits (HIPAA/GLBA/SOX); high availability solutions; web site engineering, and hardware sales and support services.   WESCO Net provides services to the education, retail, legal, medical, real estate, hospitality, and financial services industries as well as court systems and regional municipalities. Its financial services portfolio includes servicing over 100 credit unions across the country. Visit www.wesconet.com for more information.
