78 Credit Unions Offering It's Me 247 Mobile Web Banking

Grand Rapids, MI – May 11th, 2010

CU*Answers has announced today that 78 credit unions are utilizing **It's Me 247** Mobile Web Banking, its first product in a suite of solutions designed to cater to mobile device users, available only since March 15th of this year.

Late in 2009, the Grand Rapids-based CUSO known for providing core data processing to credit unions, unveiled its plan to release a series of mobile banking features and products for mobile device users. The first, **It's Me 247** Mobile Web Banking, uses an automatic redirect from the standard **It's Me 247** (online banking) website when being accessed by a mobile device. According to the CUSO, Mobile Web Banking uses a similar feature set as **It's Me 247** online banking, but is designed to be bandwidth-conscious, focusing on significant details which then provides a subset of important information quickly for mobile users.

In addition to providing this service at no extra charge to its credit unions, CU*Answers has designed a package of marketing materials available to credit unions to advertise the opening of their new “branch,” complete with statement inserts, a web banner, posters, and more.

More CU*Answers clients are anticipated to activate this feature. CU*Answers plans to launch **It's Me 247** Mobile ‘App’ Banking, as well as mobile banking via text messaging later in the year.
