Amalgamated Cuts Costs with Complete Care Package

Grand Rapids, Michigan – July 16th, 2010

WESCO Net, a provider of full-service network technology services, has recently announced that Amalgamated Credit Union of Saginaw, MI, has chosen WESCO Net's Complete Care network management package to meet growing internal and external compliance and security needs.

Deploying this comprehensive package of service offerings has enabled Amalgamated to realize cost savings and enhanced reporting capabilities.

"Amalgamated was burdened with high technology management costs, but at the same time required enhanced reporting to meet compliance needs and enforce internal and external security policies," commented Matt Sawtell of WESCO Net. "With Complete Care, they've been able to cut IT management costs to a fraction of what they were paying previously and gain the benefit of the robust reporting package featuring hundreds of different reports, available daily, weekly, and on-demand, that are all geared toward non-technical management staff."

For more information about the Complete Care program, access <http://www.wesconet.com/>

About WESCO Net

Organized in 2002, WESCO Net is a full-service technology solutions provider. They specialize in network design and implementation, managed security services, disaster recovery and business continuity solutions; IP telephony VoIP (voice-over-Internet protocol) solutions; managed hosting solutions (facilities management), compliance and security audits (HIPAA/GLBA/SOX); high availability solutions; web site engineering, and hardware sales and support services. WESCO Net provides services to the education, retail, legal, medical, real estate, hospitality, and financial services industries as well as court systems and regional municipalities. Its financial services portfolio includes servicing over 100 credit unions across the country. Visit www.wesconet.com for more information.
