## Tri-Rivers Invests in Business Continuity & DR

**Grand Rapids, Michigan – July 16<sup>th</sup>, 2010**

WESCO net, a provider of full-service network technology solutions, recently announced that Montgomery, AL-based Tri-Rivers Federal Credit Union has invested in Complete Care network management services.

The Complete Care program provided by WESCO Net is a comprehensive solution that features continuous 24 x 7 uptime monitoring, daily backup system monitoring and reporting, continuous server monitoring, and much more. According to WESCO Net, important benefits of this program for Tri-Rivers are enhanced business continuity and disaster recovery capabilities.

“Tri-Rivers is located in the middle of hurricane alley, so business continuity and disaster recovery are an on-going concern,” said Matt Sawtell of WESCO Net. “With data safeguards like constant backup protection and cloud-based application delivery, the credit union can protect all data assets while meeting their recovery time and point objectives – a competitive advantage in their marketplace,”

For more information about the Complete Care program, access <http://www.wesconet.com/>

### About WESCO Net

Organized in 2002, WESCO Net is a full-service technology solutions provider. They specialize in network design and implementation, managed security services, disaster recovery and business continuity solutions; IP telephony VoIP (voice-over-Internet protocol) solutions; managed hosting solutions (facilities management), compliance and security audits (HIPAA/GLBA/SOX); high availability solutions; web site engineering, and hardware sales and support services. WESCO Net provides services to the education, retail, legal, medical, real estate, hospitality, and financial services industries as well as court systems and regional municipalities. Its financial services portfolio includes servicing over 100 credit unions across the country. Visit [www.wesconet.com](http://www.wesconet.com) for more information.
