## Auto-generated Opt In/Opt Out Notices Added to CU\*BASE

**Grand Rapids, MI – October 25<sup>th</sup>, 2010**

New with the 10.3 version of CU\*BASE is the ability to automatically generate member notices when a member changes their Opt In/Opt Out status. This feature was made available to online processing credit unions October 17<sup>th</sup>, and will be available to self-processing clients as early as November 8<sup>th</sup>.

According to CU\*Answers, now when a change is made to the member's status a notice event will be triggered for that member, which is generated either by a member changing his or her status within **It's Me 247** online banking or by a credit union employee changing the status for the member in CU\*BASE.

CU\*Answers continued to say that sister CUSO Xtend has assisted with configuration in the past – though credit unions can edit requirements by following standard credit union practices outlined within the system. CU\*Answers has a booklet outlining Opt In/Opt Out Reg. E offerings for its clients, and it may be found by accessing
