Sioux Empire Implements CheckLogic for Check 21

MIDDLEBURY, VT and MIDWAY, UT – December 6th, 2010

eDOC Innovations, a leading electronic document CUSO, recently announced that Sioux Empire FCU (Sioux Falls, SD) has implemented CheckLogic as its Check 21 solution.

“The transition has gone well,” reports Jeff Jorgensen, President of Sioux Empire FCU.

“With CheckLogic, we have gained additional functionality [such as viewing both the front and the back of the check concurrently] that was not included with our previous Check 21 system,” Jorgensen continues.

CheckLogic is an integrated branch check capture and electronic image forward processing system that provides members and credit union staff access to check images 24x7. With CheckLogic in place, credit union members also have the added capability remote deposit from their homes and businesses via CheckLogic *Lite*.
